July Function **KCRC – HUH Modification**

By Frankie Ng & Philip Wong of KCRC

The Hung Hom Track & Signal remodeling, which has been commenced from May 2006, to suit future KSL operational requirements. The scope cover civil work and trackwork modification of Hung Hom north fan and platform area. Signal and OHL will be rerouted to cope with the new scheme design.

The presentation will provide an overview on the planning and design of the HUH modification. Progress, construction difficulties and challenge will also be revealed.

Mr. Frankie Ng, Civil Project Engineer and Philip Wong, S&TC Manger, both responsible for the design & implementation will be sharing with us their project in hand on the evening.

THE MEETING WILL BE HELD ON 17 July 2006 (Monday)

Venue : City University of Hong Kong
Staff Club Restaurant
9/F Amenity Building

Time : Assemble from 6 pm for a prompt start at 6.30 PM

Snacks will be provided free of charge to members and a cash bar will be available

Car parking is available but at your own expense.

***** All members and guests are welcome *****
