### November Function : Construction and Maintenance of WR Overhead Line System Monday 28<sup>th</sup> November 2005

Opened to service in December 2003, the KCRC West Rail operates from Nam Cheong Station in West Kowloon to Tuen Mun Station in the Northwest New Territories.

It runs in tunnels, open sections at grade and on viaducts. A key element of the railway infrastructure facilitating the train service is the Overhead Line System from which the passenger trains obtained the power to travel along the railway.

Mr. Michael Chu, Overhead Line Engineer of KCRC, will share with us the special features and challenges faced in the construction and maintenance of the WR Overhead Line System. The talk will be conducted in Cantonese.

- Venue** : 9/F Staff Restaurant, Amenities Building, City University, Kowloon Tong
- Date** : Monday 28<sup>th</sup> November 2005
- Time** : 6:00 pm for a prompt start at 6:30 pm

Wong Man Tat  
Mainland Affairs Secretary, CHPWS
