### **August Function : MTR Corporation – West Island Line Monday 15<sup>th</sup> August 2005**

The West Island Line (WIL) is an extension of the existing Island Line from Sheung Wan to Western District. The route length of the WIL is approximately 3 km. Three new underground stations are proposed at Sai Ying Pun, University and Kennedy Town.

The WIL will interchange with the South Island Line (West) at University Station.

On 30 June 2005, Government announced its decision to proceed with further planning and preparations for the WIL. In view of this, the MTR Corporation has decided to carry out the preliminary design of WIL and to commence negotiations with Government on the project scope, cost and implementation programme for the WIL.

Clement Ngai from MTRC will present the latest WIL scheme to us. Since joining MTRC in 1992, he has involved in the planning and implementation of a number of railway extension projects. More recently, he has worked on the feasibility study for the WIL/SIL.

**Venue** : 9/F Staff Restaurant, Amenities Building, City University, Kowloon Tong

**Date** : Monday 15<sup>th</sup> August 2005

**Time** : 6:00 pm for a prompt start at 6:30 pm
